

Valves

- Description:** Main line equipment consisting of manual operated ball & mini valves suitable for a wide range of industrial, agricultural and domestic applications as well as other fluid applications
- Range:** Ball valves - From Ø ¾" up to Ø 4"
Mini valves - Large variety of configurations combining between threaded, barbed, safety, lock, grommet, take off, offtake, dripline, tape, tap, etc.
Patented and new look design
- Pressure Rating:** Ball valves - (Depending from the model) Up to 16 Bar at 20°C
Mini valves - Up to 4 Bar at 20°C
*Refer to the technical sheets for detailed information
- Main Materials:** ABS - Wide temperature range, ideal for chilled, condensate and cold water systems
Polypropylene - Tough and durable, ideal for many industrial, agricultural and domestic applications.
- Features:** Light-weight
Easy to install
Robust
Complete system matching
Complete actuation traceability
- The products are suitable for exposure to sunlight (UV) with excellent chemical resistance

Refer to the technical manual for specific data sheets
